A FINE EXPRESSION

Splendid Testimonial from Negro Citizens to Munificence of Mr. W. H. Sprunt

AT HOSPITAL YESTERDAY

Representative Colored People Assembled to Honor Benefactor of Their Race—Fitting Tribute to Noble Wilmingtonian.

Perhaps not before in a generation has there assembled in the city of Wilmington a more representative body of the better class of the Negro race than on yesterday afternoon between 5 and 6 o'clock in the new annex of the James Walker Memorial Hospital, in this city, the occasion having been a popular expression of the appreciation of the colored people of the city to Mr. W. H. Sprunt for his noble philanthropy in providing a place where the sick and afflicted of the race may receive the surgical and medical treatment of the splendid hospital. As a prominent member of the delegation to present a beautiful testimonial to Mr. Sprunt on that occasion expressed it, the gathering was the most remarkable evidence of generosity on the one side and of gratitude on the other ever witnessed in this community. On the one side were representatives of among the most wealthy and influencial citizens of the white race in Wilmington and on the other, members of the very best class of colored people here, a spirit of cordiality and good feeling being everywhere manifest.

The presentation of the testimonial to Mr. Sprunt was the culmination of a mass meeting of the colored people of the city last May in St. Stephen's A. M. E. church, immediately following the announcement of Mr. Sprunt's donation of $10,000 to erect an annex to the already magnificent structure, made possible by the munificence of the late James Walker. The meeting at that time was presided over by Rev. E. R. Bennett, rector of St. Mark's P. E. church, and the records were kept by H. Webber, in the capacity of secretary. At that meeting a committee was appointed to draft a suitable testimonal to Mr. Sprunt, and have it engrossed on parchment for presentation to him upon the completion of the hospital. The matter was religiously guarded as a secret so far as Mr. Sprunt was concerned, knowing of his modesty and desire that the gift be as unostentatious as possible, therefore, when he responded to an invitation to be at the new annex yesterday afternoon at the hour named, he was surprised to find a body of people of such large proportions and distinguished personnel. Among those present were members of the Board of Managers of the hospital, Dr. Akerman, surgeon in charge of the institution, and leading representatives of both races. The exercises opened with the singing of a hymn by those assembled, and a very fervent and appropriate prayer by Rev. J. A. Bonner. Then followed the presentation of the handsome testimonial, which was enclosed in a neat frame and neatly engrossed on heavy parchment. It was read by Rev. E. R. Bennett, and the presentation made in a neat little address by the same person, his discourse being received with the warmest enthusiasm by those present. The testimonial is as follows:

Grand characters, noble souls have ever found a suitable means of expression in worthy deeds. The grandest deeds have been those which were prompted by a desire to lessen human suffering and consequently increase human happiness; and such deeds lay obligation on those who receive the benefits flowing from them. This obligation is recognized and discharged in some degree, when those who are benefitted, express their gratitude to the benefactor.

The donation of $100,000 by Mr. William H. Sprunt for the erection of an annex to the city hospital, in which proper surgical and medical treatment may be administered to the unfortunates and suffering members of the negro race and for the training of nurses was a deed grand in conception and noble in execution; a deed that reveals the Christ spirit. The negroes of the city of Wilmington, N. C., appreciate the blessing which must follow this deed and feel deeply the sense of gratitude. Therefore, that we may more heartily express our thanks for this generous gift, we have this day, the twenty-ninth of May, 1904, assembled in mass meeting, in St. Stephen's A. M. E. church, to adopt the following resolutions:

Whereas, Mr. William H. Sprunt, recognizing the need of better accommodations for those of our race who need and seek treatment at the city hospital, has, in a spirit of noble philanthropy, donated the generous sum of $10,000 to provide such accommodations

Be it resolved, First, That we, the negroes of the city of Wilmington, N. C., hereby extend to Mr. William H. Sprunt our most sincere thanks and pledge him our lasting gratitude. Second, That we give humble praise to Almighty God whose providence has enabled such a gracious, humanitarian and philanthropic act, the fame of which we pledge shall never die in the grateful memories of ourselves and our children during the generations to come. Third, That a copy of these resolutions be engrossed and presented to Mr. Sprunt as a token of our friendship and gratitude.

Thos, R. Mask, M. D., J. H. W. Mask, M. D., J. H. Alston, M. D., D. W. Chesnutt, M. D., J. E. Thomas, Ph. G., Rev. John E. Jackson, pastor St. Stephens' church; Rev. H. Bell, pastor St. Luke's church; Rev. James A. Bonner, pastor Chesnut Street Presbyterian church; Rev. E. R. Bennett, rector St. Mark's P. E. church; Rev. W. H. Capehart, Rev. S. S. Henderson, Rev. J. W. Telfair, James Price, D. Chesnutt, J. E. Taylor, John G. Norwood, Thos. Rivera, James H. Lane, Daniel Howard, Benjamin Scott, David Williams, Jno. H. Whiteman, Valentine Howe, James K. Cutlar, F. C. Sadgwar, Jno. A. Hargrave, Jno. Austin, Owen Bailey, Jno. W. Neil, R. H. White, H. C. Green, J. A. Bradley, James H. Johnson, L. D. Kennedy, James C. Howe, Jno. H. Brown, J. N. Richardson, D. C. Sneed, E. M. Green, Aaron Kellogg, W. H. Bradley, Spotswood Allen, Alexander Huggins, James Price, W. H. Eason, Thos. A. Smith, W. H. Moore, James E. Howard.

Mr. Sprunt was overcome with the kind expression from his colored fellow-citizens, but responded in graceful speech disclaiming any credit for the gift, saying that it was only the dispensation of an all-wise Providence through him.

Mr. Sprunt was followed in his remarks by Dr. Akerman, superintendent of the hospital, Rev. A. D. McClure, D. D., Dr. T. R. Mask, Deputy Collector of Customs John E. Taylor, Mr. Sam Bear, Jr., Rev. J. A. Bonner and others. Special mention was made of the generosity of Mrs. Walter L. Parsley and Mrs. J. Victor Grainger in contributing to the furnishing of that part of the building which is devoted to colored patients, the same being in the nature of a memorial to faithful colored nurses of the donors before the profession had attained to the dignity and standard of the present. The gifts were spoken of as in line with the noble generosity of Mr. Sprunt and the colored people assembled expressed themselves as especially gratified at the remembrance of faithful members of their race.

Following the doxology, the benediction was pronounced by Dr. McClure, after which the gathering dispersed, those present being much impressed with the good feeling between the better classes of the two races as manifest upon an occasion so auspicious.

STEAMERS IN COLLISION

Wilmington and Sea Gate With Excursion Parties Aboard Had Narrow Escape Yesterday.

While returning to the city with excursion parties aboard, just this side of Big Island, about eight miles down the river, yesterday evening, a little after 6 o'clock, a collision occurred between the rival excursion boats, the Wilmington, in command of Capt. John W. Harper, and the Sea Gate, in command of Capt. M. T. Craig. The steamers, it seems, were engaged in a race up the river and the Wilmington was about to pass the Sea Gate when the one "side-swiped" the other. Fortunately no one was injured and neither of the boats was damaged to speak of, but the excursionists on both steamers received a bad bright. Inasmuch as there is intense feeling in the matter on both sides and statements as to the responsibility for the wreck are widely at variance, the Star will not attempt to give the contentions of either party to the controversy, as any slight deviation from the facts might be prejudicial to an official investigation, which, it is understood, will be asked for by the owners of both boats.

The steamer Wilmington was returning with an excursion party of the Brooklyn Baptist church from Carolina Beach and the Sea Gate with an excursion of St. Thomas' Catholic church from Old Brunswick. There were many ladies and children on both steamers, who were exceedingly fortunate to escape without injury.

DEDICATE NEW ARMORY.

Governor Glenn Arrived Last evening —Interesting Exercises To-Night.

North Carolina's distinguished Governor, Hon. Robert B. Glenn, arrived yesterday evening on the Atlantic Coast Line train from the North, and is a guest at the Seashore Hotel, Wrightsville Beach. Governor Glenn comes to deliver the principal address at imposing ceremonies which will this evening mark the dedication of the handsome new stone armory of the Boys' Brigade at southeast corner of Second and Church streets. He was met at the station by Col. Walker Taylor, organizer and commander of the Brigade, and Capt. Wm. F. Robertson, of the Wilmington Light Infantry. They went immediately to the beach and the chief executive is enjoying the breezes of the ocean.

The exercises to-night will begin at 8 o'clock in the auditorium of the armory with devotional service by Rev. J. S. Crowley. The musical numbers will be furnished by a male quartette, led by Mr. Chas. McMillen. Col. Jno. F. Bruton, of Wilson; Adjutant General T. R. Robertson, of Charlotte, and Hon. A. M. Waddell, of Wilmington, will be among the distinguished visitors in attendance upon the exercises. It is regretted that Hon. A. M. Scales, of Greensboro, and Gen. Francis A. Macon, of Henderson, will be unable to attend.

At the dedication, the name of the donor of the handsome new armory, a splendid new piano, and possibly a fine library will be made known, together with much other inside history of the Brigade that will make it doubly interesting for all friends who attend.

—W. H. Hardin, a colored man from Lumberton, came here yesterday to meet his son on the evening train from Goldsboro, the boy, who is deaf and dumb, being on his return from the colored insane asylum. The colored man was not permitted to go under the shed when the train arrived, and the boy did not find his way out. He disappeared somewhere through the railroad yards. Any information as to the whereabouts of the boy will be thankfully received at the police station.

BURNS GETS 5 YEARS

Savannah Money Order Flasher Sentenced in Federal Court Yesterday

HE WILL GO TO ATLANTA

Proceedings Yesterday of No Particular Interest—Many Visiting Attorneys Here—An Order in Bankruptcy of Robeson Merchant.

"Jimmy" Burns, the noted negro postoffice money order forger recently brought here from Savannah, Ga., by Postoffice Inspector S. H. Buck, submitted in the United States Court here yesterday morning and was sentenced by Judge Purnell to five years at hard labor in the Federal prison at Atlanta. Burns received his sentence with composure, having been evidently resigned to his fate ever since he was confronted with the mass of indisputable testimony which the postoffice people piled up against him. His confederate in the money order scheme, Edd. Smith, also colored, is now serving a term from the Kentucky Federal Court and may be brought back here for trial for his operations in North Carolina upon completion of his term there.

Other proceedings in the Federal Court yesterday were mainly without interest. About half the District Court cases have been disposed of thus far, and it seems likely now that the business of the term will be completed by the last of the week.

The grand jury during the day yesterday returned 12 true bills and two not true bills, all for retailing.

Case of S. M. Taylor, of Cumberland county, charged with retailing, was continued until next term for defendant.

In the case of E. M. Dees, charged with retailing, a mistrial resulted, the jury having been unable to agree after being out some time.

The following unimportant cases were disposed of during the day: Nelson Toon, Columbus, retailing; judgment suspended. G. A. Hodges, Cumberland, retailing; judgment suspended. David Surles, Cumberland, retailing; 30 days in jail, $100 fine and costs. Joe Jackson, Robeson, retailing; judgment suspended and defendant warned. William Ricker, alias "Dr. John Ricker," Cumberland, retailing; 30 days in jail, $100 fine and costs.

Will Johnson, Scotland county, retailing, judgment suspended.

The case of Wm. Priest, white, of Robeson county charged with wanton destruction of a rural mail box, was on trial when court at 2 P. M. took a recess until 9 o'clock this morning. Priest is represented by Jno. D. Shaw, Jr., Esq., of Laurinburg.

An order was signed in the court during the day upon motion of J. G. McCormick, Esq., restraining R. E. Lee., Esq., assignee, from disposing of the assets of J. L. Stevens, of Ashpole, N. C., respondent to a petition in involuntary bankruptcy filed on Tuesday.

Col. N. A. McLean, of Lumberton; C. D. Koonce, Chadbourn; W. D. McIver, Newbern; E. M. Koonce, Jacksonville; Jno. G. Shaw, Fayetteville, and F. R. Cooper, of Clinton, were among the attorneys who arrived during the day to attend the sessions of the court.

During the day C. Ed. Taylor, Esq., of Southport, made a motion to permit a client, as guardian, to enter as a party defendant in the New Jersey and North Carolina Land and Lumber Co. suit against the Gardner-Lacey Lumber Co. The motion was allowed.

HIS MOTHER DEAD.

Geo. R. Ward, Esq., Summoned Home on a Sad Mission.

George R. Ward, Esq., of the law firm of Grady, Herring & Ward, of this city, was summoned by a telephone message early yesterday morning, announcing the death of his mother, Mrs. Mary P. Ward, widow of the late Geo. R. Ward, who passed away at 5 o'clock at the family home in Rock Fish township, near Wallace, in Duplin county. While Mrs. Ward had been in poor health for some time, her death was unexpected and came as a sad blow to the family and friends. Mr. Ward left on the morning trade for his old home. Mrs. Ward is survived by five sons and two daughters—Geo. R. Ward, Esq., of Wilmington; Albert J. and P. C. Ward, of Duplin; Mrs. M. B. Taylor, of Magnolia; Mrs. Jno. P. Faulkner, D. B. and W. A. Ward, of Pine Park, Ga. Mrs. Ward is spoken of as having been a most estimable woman, and her death is greatly deplored in the community in which she lived. The funeral will take place to-day.

There were several attendants from among the guests at the house while Miss Rountree delightfully rendered the wedding marches. Mr. Nance and bride, after spending a few days in the city and at the beaches, will return to Chadbourn which will be their home in the future. They received the happiest congratulations of those in attendance after the ceremony yesterday.

S. S. TRAINING SCHOOL.

Wrightsville Beach Meetings Ended Yesterday—Institute a Success.

The institute for the training of Sunday School workers, which has been conducted the past week at the Seashore Hotel, on Wrightsville Beach, by Dr. and Mrs. H. M. Hamill, of Nashville, Tenn., under the auspices of the Methodist conferences of North and South Carolina, came to a close yesterday afternoon. The institute is declared a success by the leaders of the movement and all who attended. As an vidence of this fact, a resolution was passed before adjourning yesterday, calling upon each of the three conferences in the Carolinas to contribute $100 toward the holding of another Summer school at Wrightsville in 1906. It is proposed to have the institute next season upon a much larger scale.

The reports presented during the institute showed the great work accomplished by the school. The attendance (those registered) was shown to have been 230, divided as follows: North Carolina Conference, 172; Western North Carolina Conference, 9; and South Carolina Conference, 49. Total, 230.

The reports also showed that the visitors numbered about one hundred, these, of course, not being registered.

TRADE AGENTS APPOINTED.

It is announced from Washington that the Department of Commerce and Labor has completed preparations for sending [illegible] trade agents abroad to investigate [illegible] with [illegible] the foreign commerce of the United States. This authority was given the Department by an act of the last Congress and becomes operative on July 1, soon after which date it is expected the agents will start upon their mission. The five agents selected are Professor Lincoln Hutchinson, University of California; Charles M. Pepper, Harry R. Burrill, Raymond F. Crist and Dr. Edward Bedloe. It is not stated where the latter four are from. French Guiana.

As the appropriation is only $30,000, it was decided to limit the several fields of investigation in order that the best results may be obtained for presentation to Congress early in the approaching session. Messrs. Burrill and Crist will go to the Orient. Professor Hutchinson will go to South America, and already has entered upon his work. He will visit all the seaports on the Atlantic and Pacific coasts of that Continent. Mr. Pepper will go to Canada and subsequently to Mexico, extending his investigations to the Central American countries. Dr. Bedloe will be sent to the West Indies, Venezuela, British, Dutch and subsequently to Mexico, extending his investigations to the Central American countries. Dr. Bedloe will be sent to the West Indies, Venezuela, British, Dutch and French Guiana.

It is expected that the investigation will be completed in the field by the close of the present year and that all of the agents will have their final reports ready for Congress in January. Secretary Metcalf has prepared detailed instructions for the agents, which require them to make full investigation into American trade with the countries to be visited; what proportion of the entire trade is shared by the United States, and what methods may be adopted to increase its volume. While the instructions are comprehensive, including methods of handling, packing and transportation, the tastes of the people and relative popularity of textiles and other products, the agents are admonished that the entire scope of their duties is "to investigate trade conditions abroad with the object of promoting the foreign commerce of the United States."

The Secretary continues: "You must be governed by circumstances and conditions that will confront you. The Department wants results, and relies upon your intelligence, patroitism and industry to secure them. The Department's instructions, therefore, will be general in character and will be regarded as suggestive rather than imperative. Instructions must not interfere with the successful prosecution of your inquiries, and cannot be used as a refuge for failure."

We know little of the qualifications of the five agents who have been appointed—that is qualifications for the work assigned to them. They can no doubt ascertain the statistical situation of our foreign trade, but it would be interesting to know what technical knowledge they have of the cotton trade for instance, and whether they are going to go into the matter of ascertaining what kind of cotton textiles are best suited to the countries in which there is an opportunity to extend our trade. The sum of $30,000 may furnish a nucleus for a junket but to tell you the truth we will be agreeably disappointed of the agents return and report anything else but a lot of dry facts picked up in an offhand way. Competent American consuls instead of rewarded politicians ought to furnish ten times the information that five agents can do in a hurried trip like the trade agents are evidently going to make.

THE MAN WHO COINED CAROLINA GOLD.

A distinguished visitor in the person of Prof W. E. Hidden, of Newark, N. J., spent last week in Rutherfordton as the guest of Mr. M. O. Dickerson, clerk of the Superior Court of Rutherford county.

Professor Hidden is an eminent geologist and mining engineer and his name will be recognized as the origin of the name of the beautiful stone called Hiddenite, a valuable emerald green gem found in western North Carolina. It was so named because of its discovery by Prof. Hidden about 1881 while exploring Alexander county, N. C.

The interesting announcement is made concerning the visit of the eminent gentleman to North Carolina, that he is here seeking data concerning the late Christopher Bechtler who was a resident of Rutherfordton many years prior to the civil war and where he coi[illegible] gold mined in the [illegible] dollar and five dollar [illegible] extensively circulated in North and South Carolina, and passed at their face value everywhere. The fact is they contained a greater ratio of gold than those of United States mintage, but under the coinage laws of the government the Bechtler mint had to close shop. Thousands of dollars meanwhile had gotten into circulation, but many of the coins drifted to the United States mint at Charlotte where they were reminted, while others fell into the hands of parties who preserved them as curios. We have seen quite a number of them in upper South Carolina and in Western North Carolina, but those who possess them cannot be induced to part with them. These North Carolina coins bring all kinds of prices and it is a lucky man who has one or more of them.

Prof. Hidden, during his visits to North Carolina, learned of Mr. Bechtler and his mint and became deeply interested. He is gathering data to write a biography of Bechtler and a history of his coinage operations. It is stated, however, that he will get out an edition of only 250 copies of his book. Prof. Hidden has a fine collection of Bechtler coins and wants more of them, offering handsome prices for this historic North Carolina gold money.

—According to the State census just completed New York city contains a population of 3,987,252; the total vote for President in that city at the election of November, 1904, was 368,072. The industrious assessors of Philadelphia have discovered and returned on their latest lists 375,812 resident voters. Comment is unnecessary.—Philadelphia Record.

The News regarding the building of the Winston-Salem southbound railroad, from Winston-Salem to Wadesbor, is not as reassuring of late as heretofore. The promoters desired $500,000 in bonds from the counties along the way, and only $325,000 has been voted. This is an important enterprise, and it is to be hoped that a way bill be found to build the road, despite this shortage.—Charlotte Observer.

—For neatness and dispatch in deposing a King we commend Norway as an example to all intending revolutionaries. There are no unkind expressions, no unseemly disclosures, no violence. The plaintiff states the case with admirable brevity, the defendant does not even take the trouble to appear, and the decree of separation is entered on the record. Being free for the moment, the fair Norweigian lady turns to the son of her former lord and master, offers him her heart, and insists on being led from the divorce court to the altar. In England and France they chopped off their kings' heads with all due brutality of ceremony. In Servia they butchered king and queen alike. They do things better in Christiania. If royalty can be put on and off as easily as matrimony, revolution may soon become as popular as divorce.—New York World.

CHIEF ENGINEER WALLACE.

War Department in Dark as to His Resignation.

By wire to The Morning Star.

Washington, June 20.—The War Department has no information as to the purpose of the return of Chief Engineer Wallace from the isthmian canal zone. Mr. Wallace cabled Secretary Taft asking permission to come, saying that his return was of the utmost importance and that he would explain clearly when he arrived in Washington. Further than this the Department is not informed as to the meaning of Mr. Wallace's message but it has caused considerable speculation among the officials here.

John Doe X His Mark

A man's mark is his honor. It stands for him and he stands for it. It's the old Saxon way of signifying good intentions.

The right to be protected in the exclusive use of a trade mark has been long recognized by the common law and enforced by the chancery courts of England and this country.

The Government puts its mark on a bond to give it value.

The National Biscuit Company puts its trade mark in red and white on each end of a package of biscuit, crackers and wafers to distinguish these products and to guarantee the quality, and *it does*.

To more clearly comprehend the real value of this trade mark, try packages of BUTTER THIN BISCUIT and LEMON SNAPS.

COTTON MARKETS.

New York, June 21.—The cotton market was again irregular to-day but ruled generally easier in the late trading with final prices showing a net loss of 4 to 10 points. The opening was firm at an advance of 3 to 8 points on firmer Liverpool cables than looked for, particularly as to spot cotton which was 2 points lower but in excellent demand, sales being 12,000 bales. There was active covering at the start in response to this showing but there was also a good deal of selling by smaller longs taking profits while bear pressure was also encouraged by good weather over the belt, improved news from the new crop, and private reports claiming an easier situation in Southern spot markets. The market gradually yielded and became quite weak and excited shortly after midday, when it was reported that leading bulls were unloading, with July selling at 8.35 and October at 8.56 or a net decline of about 12 to 15 points. Room shorts oversold on the decline, and covering was active toward the close, which was steady at a slight recovery from the lowest. Sales of futures were estimated 350,00 bales. According to official reports southern mark spot markets were generally unchanged to 1-8c lower.

AGAINST HANGING WOMEN.

Portrait of Admiral Clark to be Faced to Wall.

By Wire to The Morning Star.

St. Joseph, Mich., June 20.—Captain Lloyd Clark, of the United States supply station here, and a brother of Admiral Clark, U. S. N., who commanded the battleship Oregon during the battle of Santiago, today sent the following telegram to Governor Bell, of Vermont, protesting against the hanging of Mrs. Mary Rogers:

"Vermont is again threatened with the horrible disgrace of twenty-two years ago. The reputation and honor of the old Green Mountains is in your hands alone, and every true Vermonter believes in that highest justice that is the sister of mercy. Should this poor, weak woman meet her doom on Friday, in a State where my brother has been so greatly honored, please face his portrait to the wall. Every real Vermonter would hang his head in shame before the world. Have the mercy of the Master, and may that peace of the bravely merciful be always yours.

Yours,

"LLOYD AND ALICE CLARK."

Soon after Admiral Clark's daring performance of bringing the Oregon to Cuban waters the Vermont legislature voted an appropriation to have a life size portrait of Captain Clark placed on the capitol walls. It is with his brother's consent that Captain Lloyd Clark makes his request. He declared today that he has made provision to see that it is carried out.

SPIRITS TURPENTINE.

—A party of 50 left Raleigh Tuesday for the International Toronto, Canada, They will pass en route Buffalo and Niagara Falls, and will cross Lake Ontario.

—The election in Greensboro Tuesday to vote on proposed bond issues of $75,000 for waterworks and $50,000 for additional school facilities resulted in a defeat for both propositions.

—At North Wilkesboro, Tuesday afternoon, P. A. Jennings, a highly respected citizen, who was employed as a hand at Smoot's tannery, fell in a vat and was dead when found, about 5 o'clock.

—Governor R. B. Gleen has decided to accept the invitation to deliver the address before the Tammany Society, at Tammany Hall, New York, July 4th. This will prevent the Governor's attendance at the annual meeting of the North Carolina Press Association.

Jesse T. Minggia, son of Mr. A. P. Minggia, a merchant of Henderson, ran away from home Tuesday morning, stole a ride towards Raleigh on a freight car, and was crushed to death under the wheels of the freight at Cary Tuesday afternoon. The young man was 21 years of age.

—John Huffman, living 12 miles west of Wilkesboro, struck his wife Sunday evening with a chair. Seeing that the woman would die, Huffman left Monday and his wife was found dead in bed Tuesday morning. Huffman is said to be a desperate character and has been charged with a catalogue of crimes.

—A dispatch from Henderson on Tuesday says: Mr. Ed. C. Edwards, a former merchant of Henderson, was yesterday walking besides the Seaboard Air Line railroad track as the train same up in the rear. He was struck on the head by the wooden beam on the front of the engine and died at 6 o'clock this morning. He was about 32 years of age. He had just started home and was alone.

—Raleigh News and Observer: State Veterarian Tait Butler, is preparing a bulletin on "North Carolina Hogs." There are 13 species or breeds in the United tSates and 10 of these are to be found in North Carolina. More time and attention are given to breeding swine in the Eastern part of the State, and especially in the peanut section, than in the Western part. But only at extremely few places is the supply of meat greater than can be consumed on the farm where it is grown. The object of the bulletin will be to encourage the raising of hogs.

—Mr. J. F. Blunt, a lumber man, met with a peculiar accident at a lumber camp at Parksville station, on the Suffolk and aCrolina railroad. A large log which was being lifted with ropes turned and Mr. Blount threw his guide rope around a stump. The rope slipped off, flying directly at Mr. Blount, lassoed him, jerked his 5 feet into the air by the neck, and threw him back to the ground. He was picked up unconscious and carried into a house. It was thought that his neck was broken, but he recovered consciousness, and is now in Elizabeth City under treatment, apparently not much the worse for his unique experience.

—L. W. Batchelor, a Wilson man, is lying in the sanitarium with a bullet wound in his left hip inflicted by another white man named Van Sharp, of Wilbanks. The trouble occurred about three miles from Salem at the saw mill Mr. Batchelor is locating on the Neuse river, where the Southern Railroad crosses. Sharp has been cooking for his force, and Saturday afternoon Mr. Batchelor, after paying him, informed him that he had not been doing his duty of late and therefore his services were no longer required. Sharp, so Mr. Batchelor says, at once disputed his word and was asked if he intended to call him a liar. The words were repeated and Mr. Batchelor struck at Sharp who pulled his pistol and fired with the above result. Sharp is now in the Smithfield jail and having had his preliminary hearing Saturday afternoon, was imprisoner in defualt of bail for $1,000.

—A dispatch from Greensboro on Monday says: In Summer township yesterday afternoon, after a hearing on a charge of murder, three justices of the peace sitting with Spire Paschal, required the defendants, Mrs. Nancy A. Linebery, W. H. Osborn and A. A. Safreight to give bonds for the appearance at the next term of court. The evidence, while somewhat conflicting, tended to establish these facts: Two week ago, Mrs. Safreight, wife of defendant, A. A. Safreight, and sister to Mrs. Linebery, died suddenly and was buried the same day. Rumors of foul play prevaded the neighborhood, resulting in warrants against the parties named. Witnesses swore to finding on the body marks of blows and a heavy stroke on the temple, which must have broken the skull. The husband was charged with causing death by cruelly beating his wife. The evidence being conflicting the defendants were alowed to give bond.

—The large distilleries of the Carolina Distilling Company at Hamlet and the Hoffman at Hoffman were seized some time ago after very thorough work by detectives, who discovered gross irregularities. Not only were the plants seized. but 39,000 gallons of whiskey was seized at the two places. The owenrs of the distilleries have compromised the matter with the revenue commissioner by paying about $10,000 in cash.

—In her handsome residence in Richmond, Va., Wednesday afternoon at 1:30 o'clock, Mrs. Kate Cabell Claiborne, president of the Colonial Dames of America, and a noted Southern beauty, was married to General William Ruffin Cox, of North Carolina. Right Rev. Bishop Cheshire, of the Episcopal diosese of North Carolina, officiated and was assisted by the Rev. London R. Mason, of Grace Episcopal church, Richmond. Only one hundred guests have been invited to witness the ceremony.

—Raleigh News and Observer, June 21: Hrere is a strange case, one in which a man while insane confesses to a crime, is put in a hospital, is reported as having recovered reason, and is to be tried for his life. Charles Setzer, charged with arson in Catawba, but freed from trial because sane now, and has been taken back to Newton from the department of the criminal insane here, and is to be tried in July, being now out under a bond for $5,000. The case is a curious one. About 18 months ago a store and dwelling house five miles east of Newton were burned. At first there was no clue to the person who did the burning, but a month or so later Charles Setzer became insane and while in this condition confessed to the crime. He was to have been tried at the February term of court, 1904, but was adjudged insane and sent to the asylum for criminal insane at Raleigh, where he was to remain, by order of Judge Neal, until his mental capacity should be restored. The physicians in charge of the asylum reported last week that he had regained his sanity and sent him back to Newton to await his trial.

CURE YOUR KIDNEYS

Do Not Endanger Life When a Wilmington Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy, or Bright's disease sets in. Read this Wilmington testimony:

"B. R. King, the well-known policeman, residing at 706 Wooster street, says: "I had terrible pains in my back which worked around to my side and in my stomach, so bad at times that it laid me up. I used internal medicines and they did not help me. I put on plasters and rubbed with liniment, and none of them helped me at all. Seeing Doan's Kidney Pills recommended, I got a box of them at Bellamy's drug store. The next day after commencing to use them I noticed relief. Since using two boxes of them I have not had an ache or a pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY, Special Agent.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at R. R. Bellamy's drug store, price 50c. and $1.00 a bottle. Trial bottle free.

Their Views.

Mrs. Brown—Of course a husband owes his wife protection. Mrs. Jones—Oh, yes, and she is also entitled to the funds necessary for free trade at the bargain counters.—New York Times.

"What an original fellow he is!"

"Yes; he has made a study of it."—Life.

Discovery.

Cook (aside)—Ha, ha! That's why she said yesterday the cook in her house was treated as one of the family, is it!

Too Sincere.

"My husband often says that his disposition might be much worse," said the patient looking woman.

"That sounds gentle and conciliatory."

"Yes, but he always insists on going ahead and proving it."—Washington Star.

EQUITABLE ROTTENNESS

New York Insurance Commisioner Details Transactions of Hyde and Alexander—Damning Record.

By Wire to The Morning Star.

Albany, N. Y., June 21.—The report of Superintendent Hendricks of the State Insurance Department to Governor Higgins upon his investigation of the Equitable Life Assurance Society was made public here and in New York tonight.

It is described in the title as "a preliminary report" and it sharply criticises the management of the society as well as the new trust arrangement for voting the stock agreed upon by Thomas F. Ryan and the three trustees designated by him. In conclusion Superintendent Hendricks, says:

"No superficial measures will correct the existing evils in this Society. A cancer cannot be cured by treating the symptoms. Complete mutualization with the elimination of the stock, to be paid for at a price only commensurate with its dividends, is, in my opinion, the only sure measure of relief. This report, with a copy of the evidence taken on this investigation, will be transmitted to the attorney general for such action thereon as he may deem proper."

Mr. Hendricks says it is an open question whether President Alexander and the other officers and directors who participated with him in the transactions of "James H. Hyde and associates" are not disqualified under Section 36 of the insurance law from hereafter holding any office in a life insurance company. The report characterizes these transactions as unlawful. Mr. Tarbell's name is not in the list of participants in these transactions. The policy-holders, however, the report sets forth, are under great obligations to Mr. Alexander and the other executive officers for demanding the mutualization of the Society and the retirement of Mr. Hyde from its control.

A surprising feature of the statement is that Mr. Hendricks goes back to the organization of the Mercantile Safe Deposit in 1876 by Henry B. Hyde founder of the Society and declares that that company which leases its offices and vault rooms from the Equitable Life Assurance Society does not pay sufficiently and profits enormously at the expense of the parent company, paying 29 per cent. dividends.

Mr. Hendricks criticises leases to other safe deposit companies organized by Henry B. Hyde, as occasioning loss to the Society. He says the Equitable paid $500 a share for Equitable Trust Company stock now worth $383, whereas Mr. Hyde and others secured their holdings at $150. This transaction shows, Mr. Hendricks declares, that the officers and executive committee of the Equitable Life were not solicitous for the Society's welfare but were active in promoting their own private interests.

The syndicate transactions of "James H. Hyde and associates" are referred to as "notorious." The total profits of the syndicate are placed at $186,107, of which $63,731 each went to James H. Hyde and James W. Alexander. Another participant was William H. McIntyre, fourth vice president of the Equitable, whose share was $14,420. All of those who took part in these dealings, the report says, should be compelled to pay back the sums received by them. "This is only very mild punishment," says the report.

Extravagance and waste in salaries are severely condemned. The increase in this respect in the executive offices was from $380,100 in 1900 to $613,600 in 1904. It was found that President Alexander's salary was advanced from $75,000 per annum to $100,000 without his request in order that James H. Hyde's salary might be increased to the same figures. Chauncey M. Depew, the report shows, is paid $20,000 a year as attorney. David B. Hill received $5,000 a year and Elihu Root for 1905 $25,000, also as attorneys.

Of James H. Hyde's directorate in various corporations, Mr. Hendricks expresses the opinion that he was "put on these boards for the reason that he was the financial head of a great insurance corporation whose assets were so large and whose ready money was always available for the purchase of securities which these great corporations are largely in the market to sell."

The pension of $75,000 to Mrs. Henry B. Hyde is condemned as "unnecessary and probably illegal."

Of the financial administration of the Society, Mr. Hendricks says:

"The executive committee transacts all the important busines of the Society. The finance committee is composed of exactly the same men as the executive committee with one additional director, viz: Jacob H. Schiff, senior member of the firm of Kuhn, Loeb & Co., which has sold to the Equitable Society, according to its reports, since January 1, 1900, $47,522,000 of bonds and $1,780,000 of stocks.

The report after the recital of facts and figures as given above, then takes up the charges against James W. Alexander, James H. Hyde and Gage E. Tarbell, the latter being exonerated. Of Mr. Alexander Mr. Hendricks says uncontroverted testimony shows that he was a participant in the "James H. Hyde and associates" transactions, that he executed the leases detrimental to the Society's welfare and has failed to meet the obligations imposed upon him as chief officer of the Society.

The summing up against Mr. Hyde is more severe. It sets forth that he permitted the Society to lose heavily in its business transactions with the Commercial Trust Company; that he exacted salaries out of all proportion to his age, ability, or the value of his services; that he has been accustomed to draw large sums for expenses on his own unitemized vouchers; that ne assumed domination of the Society's affairs until the presidency was reduced to a position of secondary importance, and that he proceeded to use the Society and its assets more and more as if they were his own, until he was checked by the demand for mutualization and his retirement.

DEFRAUDED THE GOVERNMENT.

Salisbury Man Will Pay $22,000 or Go to Penitentiary.

By Wire to The Morning Star.

Charlotte, N. C., June 21.— D. L. Arey a whiskey manufacturer of Salisbury, N. C., was to-day given his choice to two sentences for violation of the revenue laws by Judge James E. Boyd, the United States district court. He could serve a term of two years imprisonment and pay a fine of $5,000 and the costs, or pay $25,000 of taxes defrauded from the government, serve a term of three months imprisonment, and pay a fine of $200 and costs.

Later the district attorney accepted a plea of guilty of defrauding the government of $22,000. Arey agreed to pay this, with the cost. An order will be issued to-morrow holding open the three months imprisonment sentence and binding Arey to appear later, and if his health is improved, the imprisonment will be served.

OYAMA DRIVING RUSSIANS

Fighting In Manchuria Is Serious, With Successes for Japanese—Efforts at Washington to Prevent Further Slaughter.

By Cable to The Morning Star.

St. Petersburg, June 21.—General Linevitch, in a dispatch to the Emperor dated June 19, says:

"At 4 o'clock this morning the Japanese commenced an offensive on our front west of the railway. Sinlautchjouan was occupied by strong detachments of Japanese. In the vicinity of Liao Yang Wopeng, the Japanese withdrew along the whole line southward to their old positions."

Another dispatch from Linevitch dated June 20, says:

"The Japanese on the road from Maimakai to Chantufu commenced to retreat Monday, June 19. On the east of the railway the Japanese infantry at 3 in the morning June 19 began to advance in the direction of Banlaschamyne but their advance was stopped at 9 A. M. The Japanese on the Mandarin road also commenced an offensive at 3 in the morning. Towards 9 o'clock our advance posts retired slightly. The Japanese artillery opened at 10 o'clock and our advance posts retired further and at noon the Japanese occupied the village of Siao Chooouschi near Yaomaline."

Numerous Fights.

Tokio, June 21.—The following official dispatch was received today from the headquarters of the Japanese army in Manchuria:

"In the direction of Weiyuanpaomen our detachment occupied Lienhwachieh, June 18, without encountering resistence. It also occupied Yengmulintzu, twenty miles northwest of Weiyuanpaomen and drove the enemy back on his positions on the road.

"Further north a force the same day dislodged the enemy from Yangtzu pass and the vicinity ten miles north of Welyuan paomen and occupied a line of hills northwest of Shihuiwotzu and those seven miles north of Yangtzu pass. Our forces also routed the enemy holding positions north and northwest of the same place.

"In the Changtu direction our force advanced along the railroad and dislodged the enemy's cavalry and infantry holding an eminence two miles north of the Shahatozu railroad station and took possession of a line of hills south of Suimiaotzu and eighteen miles northeast of Changtu June 19. The station was found to be demolished. Our casualties were four men wounded. The enemy left ten corpses, including the body of an officer and three horses killed. Our force captured one machine gun and one horse. The enemys must have been heavy.

"Our force advancing on the Fenghwa road after a vigorous fight with infantry and artillery from 3 in the morning of June 19 dislodged the enemy from Peifangehengkou, ten miles southeast of Hsilienchian, and occupied at 8:40 the same morning Lieutaokou, 16 miles north of Changtu."

Driving Russians In Korea.

Tokio, June 21.—9 P. M.—It is officially announced that a Japanese detachment in Northern Korea completely occupied Kangsong on Tuesday. A few thousand Russians, with artillery, retired toward Siasong, 12 miles north ward.

Negotiations for Armistice.

Washington, June 21.—It is intimated in official circles here that negotiations are proceeding looking to an armistice between Japan and Russia.

The stumbling block in the way of an armistice appears to be that neither belligerent is willing to take the initiative. The present negotiations, it is understood, consist of an effort to sound one or both governments as to their willingness to agree to an armistice.

The feeling in official circles here is strongly in favor of a cessation of hostilities as it is believed that a clash before the convening of the peace conference would hamper the work of the plenipotentiaries and might prove a serious menace to their efforts for peace.

THE WHOLESALE GROCERS.

President Van Hoose Re-elected—Important Business Transacted.

By Wire to the Morning Star.

Norfolk, Va., June 21.—The Southern Wholesale Grocers' Association adjourned today sine die. The old officers were re-elected as follows:

President—J. A. Van Hoose, Birmingham, Ala.

First Vice President—G. P. Thompson, New Orleans.

Second Vice President—R. P. Woodson, Memphis.

Treasurer—S. W. Lee, Birmingham.

Advisory Board—J. A. Van Hoose, Birmingham; Theodore Melchers, Charleston; B. F. Bowen, Jacksonville; J. R. Williams, Lynchburg; Adolph Greyer, Little Rock; A. McD. Wilson, Atlanta.

The advisory board will elect the secretary and special representative of the association.

The most spirited discussion of the convention was caused by the introduction of a resolution from a portion of the committee on differentials and freight rates reviving the old proposition of differentials on less than carload lots. The committee recommended that the president and the advisory board take the matter up with the railroads, urging a differential in favor of flour, hay, grain, grits and corn meal.

M. B. Goodrigde, of Norfolk, opposed the report which he said was not an expression of the entire committee. The report was referred back to the committee which later brought in another report referring the entire proposition to the advisory board in the event it saw fit to take it up. The concensus of opinion seemed to be against a fight with the arilroads on this subject.

A report was adopted urging the general use of cotton products and recommending that wholesale grocers substitute cotton bagging for jute and bagging of other materials.

The fire insurance committee was authorized to devise a plan or reciprocal fire insurance and was directed to take the matter with the board of advisors and report at the next convention.

The tobacco committee reported in favor of a ten per cent. profit to the jobber.

The convention decided to meet in 1906, in April at Jacksonville, Fla.

The president was authorized to represent the association at the Milwaukee conference of the wholesale grocers of the United States.

UNION WITH NORWAY NOT WORTH COERCION

King Oscar Tells the Riksdag That the Sacrifice Would Be Too Great.

By Cable to The Morning Star.

Stockholm, June 21.—The extraordinary session of the Riksdag summoned by King Oscar to deal with the momentous question raised by Norway's declaration dissolving the union, met for business today. The government immediately introduced a bill asking for authorization to enter into negotiations with the Norwegian Storthing and draw up a conditional settlement of the questions involved in the separation of the heretofore dual kingdom.

The session was opened by King Oscar in person with the usual ceremonial. In his speech from the throne his majesty protested against the charge that by a violation of the constitution he had provoked the steps taken by Norway.

"I have acted," he said, "in accordance with my conscience and always in conformity with the constituion and with the desire to work conscientiously for the true welfare of the two peoples. The bill presented to the Riksrag does not aim at replying to injustice by acts of coercion. The union is not worth the sacrifices which acts of coercion would entail. A union into which Norway would be forced in such a manner would be of little value to Sweden."

The King concluded with expressing the hope that the Swedish people would be guided by calmness and prudence and that God would give them strength and unity to regain within their own frontiers what they had lost by the dissolution of the union.

POETRY FOR ROOSEVELT

By Wire to The Morning Star.

Worcester, Mass., June 21.—Steadily falling rain drenched the festal drapings of the city and disappointed the people of Worcester, but detracted not at all from the enthusiastic reception which was given President Theodore Roosevelt today upon the occasion of his visit to Clark University and Holy Cross college. The President responded to the cordialty of the people by riding through the streets of the city in an open carriage and much of the time with head bared.

The President delivered addresses both at Holy Cross and Clark University and the former instituion conferred upon him the honorary degree of LL. D. At Clark University the President took occasion to pay a tribute to Carroll D. Wright, president of the college, as well as to the late United States Senator George Frisbie Hoar.

At Holy Cross he addressed the large body of people on the athletic field, many of whom stood in the rain, a canvas shelter erected there being insufficient to cover the crowd.

At the home of Congressman Rockwood Hoar, the President had luncheon and he departed soon afterward for Williamstown, Vt., where tomorrow he is to be given a degree by Williams college.

A feature of the railroad trip to this city was the sending of telegrams by the President to the captains of the Harvard and Yale crews at Gales Ferry, Conn., through which he had passed earlier in the day, while asleep.

After the President's departure the police announced that they had arrested Jennie G. Hirsch, a resident of this city, in the women's waiting room at the Union Railway station. Miss Hirsch who is about 25 years of age had been writing bits of verse upon the top of a band box which she declared was to be given to the President. She insisted that some person telephoned to Holy Cross college and informed Father Hanselman, president of the college that the poetry was waiting for President Roosevelt.

A policeman's attention was called to the woman and he removed her to the police station. Afterwards she was taken away in a carriage, her friends having promised to keep her under surveillance.

The President had just been awaken ed as the train passed Gales Ferry. Soon afterwards the President sent telegrams to the captains of the Harvard and Yale crews. The message to the Harvard crew was as follows:

"Captain, Harvard Crew, Red Top, Conn: I expected to pass through New London much earlier, or I should have been up to greet you. I wish I could see the race. Good luck to you.

(Signed)
"THEODORE ROOSEVELT."

To the Yale crew the following dispatch was sent:

"Captain, Yale Crew, Gales Ferry, Conn: I expected to pass through New London much earlier, or I should have been up to greet you. Hope you will not think I am an offensive partisan, if, under these particular circumstances I do not wish you good luck. I would at any other time, but Taft, I am sure, is praying for you.

(Signed)
"THEODORE ROOSEVELT."

BIG FORGERY WRECKED BANK.

Philadelphia Trust Company Hit Hard by Dead Banker's Crime.

By Wire to the Morning Star.

Philadelphia, June 21.—The City Trust and Safe Deposit for years rated among the most reliable financial institutions in the community, to-day closed its doors, and Albert T. Tabor, a State bank examiner, was appointed temporary receiver. The company will liquidate, and J. Hampton Moore, its president, will probably be appointed permanent receiver. It is the belief of the board of directors, as well as Receiver Tabor that all depositors will be paid in full. The failure of the company was the direct result of the forgeries of the late Benjamin H. Gaskill, the broker who, it was learned yesterday, a month after his death, had raised many certificates of stock from one to one hundred shares and borrowed money on them. In this connection President Moore said that the company had loaned Gaskill $155,000, of which $70,000 had been paid. This left $85,000 due, for which it was believed the collateral security was $127,000. These securities were found on examination to be forged and their actual value is a little over $5,000 making the loss to the company nearly $85,000.

In addition the company held paper of President A. E. Applegard, who resigned six months ago, and has certain liabilities on its surety bonds. The company had deposits amounting to $1,385,000.

At Mentor, Ohio last night the Twentieth Century Limited on the Lake Shore Railroad, running at the rate of fifty or sixty miles an hour, dashed into an open switch at the passenger station shortly before 10 o'clock. Four or five persons were killed and twelve or fifteen badly injured. The combination baggage and smoking buffet car, and the coach behind it, caught fire and were destroyed.

MINISTER BOWEN BLOWS ON LOOMIS

Long Statement Given Out By Bowen in Answer to Roosevelt.

CALLS IT LOOMIS SCANDAL

Attempt to Bribe Bowen by Promoting Him in Diplomatic Service—Serious Charges Against Loomis at Caracas.

By Wire to The Morning Star.

New York, June 21.—Herbert W. Bowen, formerly minister to Venezuela, today made public a long statement in reply to President Roosevelt's letter dismissing him from the diplomatic service.

Mr. Bowen declares that the Venezuelan scandal constitutes "a national disgrace." He asserts that "the Loomis scandal" prevaded Caracas and constantly "grew worse and worse."

Mr. Bowen says that shortly after he called the matter to the attention of the Department of State he received a cable offer from Washington of a diplomatic promotion that would remove him from Caracas.

"I admit," he declares, "that I regarded the offer as an attempt to bribe me, veiled under the offer of a higher position and inspired by Mr. Loomis. I make no doubt that in the course of the recent inquiry it has been sufficiently plain that I did not think Mr. Loomis an honest man and that I did not believe his conduct as minister to Venezuela had been honorable."

When he went to Venezuela in 1901 as successor to Mr. Loomis, Mr. Bowen declares he found current rumors seriously affecting the honor and integrity of his predecessor both as a man and as representative of the United States government. Epitomizing the rumors, Mr. Bowen says:

"Mr. Loomis, while minister was reported to have used his public position to fill his private purse by obtaining interests in concessions and in various claims against the Venezuelan government. He was commonly thought also to have been in the pay of the Bermudez Asphalt Company and to have made use of his own official position to give color to the belief that the United States government was especially favorable to the side of that company in its controversy with the Venezuelan authorities."

Referring to the documents left by his predecessor in the legation at Caracs and forward by Mr. Bowen to the State Department, the latter says:

"I cannot better express my own feelings in regard to their contents than in the words of the Secretary of State, who, in his letter acknowledging their receipt, said: 'I have been greatly surprised and pained in reading the documents you sent me.' "

Mr. Bowen tells of sending to the State Department information of the report current in Caracas, that "an incriminating check to Mr. Loomis and a letter from him to the governmental custodian of the Asphalt Company property promising that the United States would not intervene in Venezuela, were in the hands of one of President Castro's friends."

After his refusal to leave Caracas, Mr. Bowen says there began to appear from Washington such false and misleading statements in our papers as "Bowen has asked to be recalled; he wants to sever diplomatic relations with Venezuela; he advises that a naval demonstration be made in Venezuelan waters; he is at swords with Castro." False reports of this sort are ordinarily contradicted by the Department of State, he says. "In this instance they were not."

With regard to the Mercado claim, Mr. Bowen gives the text of a letter which was among the papers he found in the legation archieves. This letter is addressed to W. W. Russell and says:

"Dear Sir: In reference to the portion of Mr. Mercado's claim which I bought, I want to state that the only terms of settlement which I will accept other than a full cash payment of about 30,400 bolivars in gold, are the following:

"I will accept 20,000 bolivars in gold and 10,400 bolivars in salt bonds at the rate of 82 per cent., or five per cent. below the quoted market rate, provided it does not go below 80 per cent.

"Yours truly,
(Signed) "F. B. LOOMIS."

Mr. Bowen underlines the words "which I bought" in the letter. He also gives the text of a letter from Charles R. Mayers addressed to Francis B. Loomis and referring to services rendered by Mr. Loomis in securing a contract for furnishing a loan to Venezuela.

NINE PEOPLE SHOT BY RAVING MANIAC

Barricaded Himself In a Room and Blew His Head Off—Thrilling Experience.

San Francisco, June 21.—After holding 1,000 persons at bay for two hours in Eddy street early today, shooting and wounding nine people, and defying the police, Thomas Lobb, a maniac, killed himself.

The insane man was barricaded in his room on the fourth floor of the United States Hotel. Lobb went to the hotel last night. This morning he began throwing furniture from the windows to the street. Several persons narrowly escaped being struck. He then began firing, using a shot gun. He placed $50 and $100 bills in the muzzle of the weapon and fragments of the paper were scattered over the street. A big crowd gathered quickly.

Police Lieutenant Green rushed a squad of police to the scene, among the officers being five members of the crack rifle team of the department. They were unable to accomplish anything, however, as the maniac was strongly intrenched in his room and appeared to have an unlimited amount of ammunition.

It was determined that he must be captured dead or alive, and all the rooms adjoining the one he occupied were filled with armed officers.

A lively fusilade was begun through the door, transom and walls of the madman's stronghold to which he responded with remarkable rapidity.

Officer Hutchins descended from the roof to the room window, while other policemen made an attempt to force the door. When Hutchins saw the maniac's attention was diverted, he gave a prearranged signal by firing his revolver. Hearing the report from an unexpected quarter, the murderous lunatic rushed to the window, which was open, and literally blew off the top of his own head.

Thomas Lobb was about 28 years old. He was a carpenter from Benson, Ariz.
